

Armstrong Scholarships for Puzzle Parley 2018

Goals:

The Puzzle Parley Scholarship is proud to financially support cutters, collectors and enthusiasts to attend the educational 2018 program meetings in order to expand their knowledge and expertise directly related to puzzles.

The Scholarship program focuses on individuals who might not be able to attend the Puzzle Parley meeting without financial support and/or have limited experience in their area of study.

Scholarship Amounts and Criteria:

Scholarships amounts are approved by the scholarship committee and may be used toward meeting registration, housing or travel expenses. The criteria for approving a scholarship application include financial need, the experience level of the applicant and the relevance of the educational program or workshop. If multiple applications are received the committee will prefer to give partial support to all rather than a full scholarship to one person.

Qualifications:

- Preference will be given to those that have not recently received support.
- Recipient will contribute to this year's Puzzle Parley or a future Puzzle Parley meeting through volunteering, a parley presentation or donations to the raffle.

Application Form:

Date of Application: _____ **Application deadline May 15, 2018** **Date received:** _____

Name: _____ **Address:** _____

Email: _____ **Website:** _____ **Tel:** _____

1. Please share how a tuition scholarship would make it possible for you to attend Puzzle Parley 2018 July 12-15, Rochester, NY (Your financial information will be seen by the Scholarship Committee Members only.)

2. How could you contribute to this Puzzle Parley 2018 and/or other meetings in the future?
